

OFFICE OF

ASSISTANT TO THE PRESIDENT

UNIVERSITY OF MAINE

ORONO, MAINE

December 7, 1954

Radio Station WCSR
Smith College
Northhampton, Massachusetts

Gentlemen:

The article in the Smith Alumnae Quarterly entitled, "The Voice of Smith College" was interesting. Apparently you have very ambitious plans.

I am wondering what technical method is used for transmitting the signal to the dormitories and residences, second, how the operation of the station is financed, and third, do you have a printed statement or outline of the training which is given to new candidates covering the nine week period as mentioned in the article.

I shall be very much interested to know more about your station.

Cordially yours,

Charles E. Crossland
Assistant to the President
